IN SEARCH OF Christmas

Felton Nativity Trail

15th - 24th December

This is a treasure hunt for children and families, using a series of nativity windows around the village to tell the Christmas Story. Along the way you will also find some clues to help you crack a code.

Videos are accessed by scanning QR codes located at each of the windows. QR codes are very easy to scan and most modern phones can scan them just by taking a photo. There are also several free apps available to scan QR codes in most mobile app stores. And even if you don't have a phone with you, you can still enjoy the window displays.
